

All I Want Is

Running through a meadow

Wild flowers and tall grass

Swaying in the breeze

All I want is that one day

The dog nipping at my heels

My brothers and sisters

Calling out to me

All I want is that one day

Under the big oak tree

A picnic like no other

Simple and yet elegant

All I want is that one day

Memories of years far gone

Mom and dad together

The family laughing and loving

All I want is that one day
